An account of a Nigerian woman's personal experience.

This is a story about how childhood trauma, marriage, and religion affected my life.

It is my choice to share my experiences and tell the world the full story of my life.

Let me be a voice for the voiceless!

There is a voice for anyone who has been the victim of abuse in the Church,

including emotional abuse, physical abuse, sexual abuse, or a combination of all of these abuses.

Providing a voice for the voiceless African child seeking parental care and attention.

The following is a lesson for young African women preparing to get married.

This is a voice for religious African women who are silently dying in abusive marriages
